

STATE OF VERMONT
PUBLIC UTILITY COMMISSION

Case No. 21-1816-PET

Washington Electric Cooperative, Inc.'s Request for Declaratory Ruling Regarding Methodology for Group Net-Metering System Billing for Systems Directly Interconnected	
---	--

ORDER OF NOTICE

Please take notice that Washington Electric Cooperative, Inc. (“WEC”) has filed a petition for declaratory ruling with the Vermont Public Utility Commission (“Commission”) regarding the applicability of Commission Rule 5.126(4) (Group Net-Metering System Billing for Systems Directly Interconnected) to its Tariff and method of billing group net-metering systems that are directly interconnected. The outcome of this proceeding could have an impact on how WEC bills these group net-metering accounts, which could affect the amount of compensation customers with such accounts receive from net-metering.

WEC’s Petition for Declaratory Ruling and Initial Brief can be found on WEC’s website: <https://www.washingtonelectric.coop/>. All case documents may also be found through ePUC, the Commission’s electronic case management system, by going to <https://epuc.vermont.gov/> and searching for the following case number: 21-1816-PET.

Initial comments and recommendations for further process shall be filed by June 8, 2021. To file comments, go to <https://epuc.vermont.gov/?q=node/89>, enter Case Number “21-1816-PET”, click on the case number, then click on the “Select Action” drop-down menu and “Add Public Comment.” Comments may also be sent by mail to the Vermont Public Utility Commission at 112 State Street, Montpelier, VT 05620-2701. Comments submitted by mail should include reference to the case number, 21-1816-PET.

A scheduling conference will be held on June 15, 2021 to establish further process in this proceeding, including setting a deadline for motions to intervene. Further information about the scheduling conference and how to participate is in the separate notice attached to this notice.
